**RE:** Support for S. 3422

The Sheet Metal and Air Conditioning Contractors' National Association Colorado Chapter (SMACNA Colorado) is supported by more than 80 construction corporation members engaged in industrial, commercial, residential, architectural and specialty sheet metal and HVAC construction throughout Colorado.

We are endorsing and asking the full Senate for support for S. 3422, The Great American Outdoors Act, introduced by Senators Gardner (R-CO) and Manchin (D-WV) and a group of 58 bipartisan Senators. The bill provides support for vital infrastructure throughout more than 400 park facilities nationwide, many long overdue for attention right here in Colorado.

These projects will provide opportunities for small construction companies to provide jobs for hardworking Coloradans. On behalf of SMACNA Colorado and our national membership, thank you to Sen. Gardner and staff for leading on this legislation of great importance during a critical time for small businesses.

Sincerely,

A handwritten signature in black ink, appearing to read "Nathan Cooper". The signature is fluid and cursive, with the first name "Nathan" and last name "Cooper" clearly distinguishable.

Nathan Cooper
